1884 Wednesday evening Twilight Series will continue racing with no spinnakers using committee boat starts and club line finish producing surprisingly competitive racing and being a great way to encourage more people into sailing.

In compensation for not using spinnakers Wednesday evenings a NEW Ullman Sails Regatta Series run over three Sundays in May, June and July will offer four back to back races each day with on water coaching and de brief video footage in club post racing. This NEW Ullman Sails Regatta Series will comprise of a 12 race series.

The NEW Torbay Weekend coastal races in conjunction with the Triangle and 25 Miler will give the club its own mini coastal series of 6 races. Triangle, 25 Miler and Torbay Weekend all being part of the Ullman Sails Coastal Series (USPRS) as well.

In the interest of offering a better and fairer racing experience for 2026 every entrant in RWYC Club Racing will be issued with a free of charge VPRS rating. All races will be scored under VPRS (A & B divisions where applicable) with NHC performance handicap parallel scoring in any race series. An IRC result will be extracted. This will treat all competitors the same and avoid having an "elite" IRC division and a "secondary" least important YTC division. YTC scoring will however be offered in any Ullman Sails Coastal Series Races and open events.

In support of the ports racing yachts RWYC members receive discounted entry fees and special price entry fee packages on all club racing. For example by taking advantage of our special price package for ALL CLUB INSHORE AND COASTAL EVENTS, together with a free of charge VPRS rating, annual club membership can in fact be "free".
